

Table 1. Catch and assessment indicators until the end of June in the 2018 Fishing Period. Assessment data compares standardised values over the last 6 months of the year, to the same 6 months a year before. Catch plan targets recommended by the TAC Committee are shown for each SMU, with Industry targets for each Area. Areas coloured green are more than 20% behind planned target, while red Areas are more than 20% ahead of Industry planned target.

Area	2014	2015	2016	2017	Assessment data 2017		2018 fishing period		Assessment data 2018		Comment
	Catch (t)	Catch (t)	Catch (t)	Catch (t)	Catch rate	Mean size	Catch (t)	Targets	Catch rate	Mean size
